Executive Director

Rhonda McHugh,
Admin. Assistant

Thoughts from the Director.....

2019 is here! A new year means new plans, goals and objectives to achieve.

We all make benchmarks for the coming months. We all think of things to do whether it is new ideas, finishing things we didn't quite get around to, or things that kept slipping further down the line, we all have big dreams at this time of year.

Naturally that is the same for HCDC. We always want to serve the citizens of Harrison County in the best ways can. But to do so we need your help. As you think of projects, plans and "to do" lists for your communities and organizations, please let us know what those goals are.

We can't help you if you don't let us know what you need.

We look forward to being a resource for you and to help in anyway we can. This can easily be addressed with a short email or call to the HCDC office.

It is also the time of year to begin a new Leadership Harrison class. This will be our 7th year and we are thrilled to be able to continue this program.

A number of people, have taken the class two times and we even have someone who has taken it three times! They all swear they learn new things each session and enjoy the networking as well as working

There's still time if you are interested in taking the class. Call or email us as soon as possible and we will help get you signed up.

Remember by working together we can accomplish great things. Let's make it happen!

2019 Harrison County Legislative Coffees

Below are dates for County-wide Legislative Coffees that are held in Logan and open to the public. Area legislators are invited to take questions and discuss issues that are of importance to us all. Please plan to attend.

Where: Logan Community Center

When: Saturday, January 26th at 10am

Saturday, February 23rd at 10am

Saturday, March 23rd at 10am

Harrison County ISU Extension— Programs Available To You

Harrison County ISU Extension offers a wide array of programs and services that can be beneficial for many Harrison County residents. HCDC works closely with Harrison County ISU Extension and Outreach to better serve area citizens and enhance and improve educational opportunities for Harrison County. Take a look and see what interests you and contact them for further details.
